|---------------------------------|--|
| Youth | Born on the 13 th of December in the city of Dortmund. There I spent my childhood and youth, before I moved to Bochum during my studies. |
| Family and worklife | I live with my husband Peter Winterberg for almost 5 years in the Westerwald in Rhineland-Pfalz. After studying biology that I graduated in June 2011 with the Master of Science, I left the university career and went into the sales of the pharmaceutical industry. From October 2011 to June 2017 I worked as a field sales representative at Mundipharma GbmH & Co KG, since July 2017 as Key Account Manager at Merck Serono in Darmstadt. There I supervise and advise clinics and specialist centers with a focus on neurology in the indication multiple sclerosis. |
| My first dog | Our first family dog was a Bouvier des Flandres, "Alexa Bella vom Bärenhof", called Alexa. She moved to our family in 1987 and died 8 years later. Several dogs from different races followed her. |
| Dalmatian | The first Dalmatian, and thus my first own dog, moved in with me and my husband in June 2012: "Uludag's Bacardi Boul", named Bacardi. A few months later, quite unplanned, he was followed by his litter brother "Uludag's Baci-Blue", Baci, who has also been part of our pack since then. |
| Dogs at present | Besides our two dogs "Uludag`s Bacardi Boul" and "Uludag`s Baci-Blue", our future brood bitch "Int. Ch. Oesel`s Bezaubernde Berta " (*11.01.2016), named Berta, is living with us actually. |
| Breeding activities | Right from the beginning we`ve been very successful in participating dog shows with our Berta. She became BOB several times, winning a lot of CACIBs and Group wins. That`s why she earns several national championship titles and also became Int. Champion in May 2019. With her we want to build up our breeding and we`re actually planning our first Bacardi Feeling A-litter with her in winter 2019/2020. |
| Memberships in dog clubs | Since 2012 member of the "Club für Dalmatinerfreunde e.V." Since 2014 I`m active as cash auditor and since 2017 I`m responsible for the organization of national and international dog shows, and thus member of the extended board. I`m also member of the "royal belgium dalmatian club KBCDH" and the "Austrian Dalmatianclub ÖDAC". |

August 2019
